MEMORANDUM FOR: Executive Director
Deputy Director for Administration
Director, Office of Congressional Affairs

FROM: Robert W. Magee
Director of Personnel

SUBJECT: Retirement Legislation

STAT Attached is a draft copy of the staff recommendations for the conferees on the supplemental retirement legislation. This has been provided to us unofficially [redacted] It is basically as reported to you earlier and is, in fact, better than we had originally hoped. Our response to John covered the following minor points:

- STAT
- We want to reinforce what is implicit in their agreement; i.e., that we are talking about self-administration for all Agency employees. [redacted] understands and agreed. We have also said to them informally that we do not want any date specified in the legislation by which self-administration must occur. In view of Graham-Rudman, we may want to defer self-administration until resources are available to allow us to do it right.
 - The problem of FBIS TCN's can be handled without legislation. Nothing should be included in the legislation which would close the old system to the TCN's. This is a fairly complicated point, but the intent is to carry the TCN's under the old legislation which is both legal and desirable.

SUBJECT: Drafting Guidance on Retirement Legislation

As promised, attached for your review is guidance which we would propose to submit to the House Office of Legislative Counsel for the intelligence aspects of the federal retirement legislation (H.R. 2672).

Please give me your comments as soon as possible, preferably by Tuesday, February 25th, if that is manageable.

The drafting guidance fleshes out the principles we discussed the other day.
